Memorandum to Mr. Scudder:

Three memoranda, dated respectively January 16, 19, and 25, and addressed to you at Juneau, have not been answered in so far as this office is aware. These memoranda requested information regarding the operations of certain companies and individuals understood to have engaged in fishery business in Alaska in 1919. Have you been able to locate any of these firms and what are the further results of your inquiries?

A prompt reply is desired.
